

John Manimas Campaign  
We can vote *against* the two-party  
system and *for* real democracy

Any responsible voter is authorized to reproduce and give this card whenever the mess created by the two-party tyranny is mentioned by a concerned citizen. When handing out this card, it is recommended that one say: *Don't forget to register as a "no-party" voter with no party affiliation so that we can deprive them of their safe-district game.*
